

## Math 301: Proofs and Real Analysis

Text: *Introduction to Proofs and Real Analysis* (by me)  
<http://www.math.purdue.edu/~rcp/MA301.html>  
Instructor: Richard Penney  
Office: 822 Mathematics Building Phone: 49--41968  
E-mail: [rcp@math.purdue.edu](mailto:rcp@math.purdue.edu)  
Grader:

### Procedures

Homework is assigned daily and **collected daily**. Unless otherwise stated, homework is due **at the beginning** of each class period. You should make careful note of any questions you have before handing in the work. Late homework is not accepted. However, with a valid excuse, the grade may be dropped. Assignments will be posted on the course web site.

Homework	50 points
Exams	200 points (2@ 100 each)
Final	100 points

The exams will be in the evening. The purpose of having evening exams is to allow you more time.

### Academic Adjustments

In this mathematics course accommodations are managed between the instructor, student and DRC Testing Center.

Students should see instructors outside class hours before or after class or during office hours to share your Accommodation Memorandum for the current semester and discuss your accommodations as soon as possible.
