This curve is meant to let you know where you stand against the rest of the students in the course. We do not write down letter grades.

This Wednesday, October 29th is the last day to drop a course for the semester. The math department always assigns a W, not a WF, to all drops. If you need to drop the course or talk about your situation in the course, stop by my office or schedule a time. If you need to drop and cannot find me, go to Math 835 for a signature.

If you have any questions, please feel free to email the course coordinator, Tim Delworth at delworth@math.purdue.edu.
