

Math 154, Exam 3 Information, Fall 2004

- ◆ Exam 3 is on Monday, November 15th starting at 7:00 PM in Loeb Playhouse, which is located in Stewart Center.
- ◆ You have been assigned a seat.
- ◆ **Only a single-line, TI-30 calculator is allowed. If you are not sure about your calculator, have Mr. Delworth look at it before or after class this week.**
- ◆ Do not ask any questions during the exam unless you think there is a typo. It is not fair for you to receive a hint unless the same hint is given to all the students taking the exam.
- ◆ The exam consists of 15 multiple-choice questions. You will hand in your answer sheet and leave the exam site with your exam. Your answer sheet will be the only thing graded. Answer every question, since there are no points deducted for a wrong answer. Each question is worth the same amount of points. There is no partial credit.
- ◆ Only the formulas from the formula sheet will be provided on the cover page. All others need to be memorized. The formula sheet is available at the MA 154 web page.
- ◆ Previous exams are available at the course web site. Not every problem on the exam will be just like a problem from an old exam. Homework, quizzes and the review problems should be studied to be adequately prepared. The number of lessons covered on each exam varies from semester to semester. Old exams are a guide, however, be careful. All problems on the ASSIGNMENT SHEET are fair game for the exam. Do not assume that if it was not on SAGE it is not on the exam.
- ◆ Contact Tim Delworth, 495-7914, immediately if you miss the exam. Only students with valid reasons will be granted alternate exams. If you know you are going to miss the exam contact Mr. Delworth as soon as possible.
- ◆ BRING A PICTURE ID. BRING A PICTURE ID. BRING A PICTURE ID.
