

Math 154, Exam 2 Information, Spring 2004

Exam 2 is on Monday, March 8th from 8:30 PM – 9:30 PM in the Hall of Music.

You will be assigned slightly different seats than Exam 1.

Only a TI-3x calculator is allowed. All others will not be allowed.

Do not ask any questions during the exam unless you think there is a typo. It is not fair for an instructor to give you a hint unless the same hint is given to all the students in the Hall.

The exam consists of 15 multiple-choice questions; covering lessons 13 through 22 from the second and third lessons in section 6.7 through the first lesson of section 7.6. You will hand in your answer sheet and leave the exam site with your exam. Your answer sheet will be the only thing graded. Answer every question, since there are no points deducted for a wrong answer. Each question is worth the same amount of points. There is no partial credit.

Only the formulas from the formula sheet will be provided on the cover page. All others need to be memorized. The formula sheet is available at the MA 154 web page.

Previous exams are available at the course web site. Not every problem on the exam will be just like a problem from an old exam. Homework, quizzes and the review problems should be studied to be adequately prepared. The number of lessons covered on each exam varies from semester to semester. Old exams are a guide, however, be careful. All problems on the ASSIGNMENT SHEET are fair game for the exam. Do not assume that if it was not on SAGE it is not on the exam.

Contact Tim Delworth, 495-7914, immediately if you miss the exam. Only students with valid reasons will be granted alternate exams. If you know you are going to miss the exam contact Mr. Delworth as soon as possible.

BRING A PICTURE ID. BRING A PICTURE ID. BRING A PICTURE ID.

Exam 2 Review Problems:

Page 431; 57, 58, 59, 60, 62, 64, 68,

Page 498; 11, 17, 18, 23, 24, 28, 36, 41, 45-53, 59-64

This is a good sampling of problems to go over Monday in class. You should do these; however, that is your decision.
