

MA 224 - Quiz 1 (8 minutes)

1. (1 points) How many of your lowest quiz grades are dropped at the end of the semester?
2. (1 points) Who do you contact to have a Connect online homework extended? (hint: this is the same person that you contact if Connect does not give proper credit for your correct answer)

3. (4 points) Find $\frac{dy}{dx}$ if

$$y = \ln(3x + 1)e^{5x}$$

4. (4 points) Find $g'(t)$ if

$$g(t) = \left(\sqrt[3]{t^2} - \frac{7}{t} \right) t$$
