Procedures

Homework is assigned daily and **collected daily**. Unless otherwise stated, homework is due **at the beginning** of each class period. You should make careful note of any questions you have before handing in the work. Late homework is not accepted. However, with a valid excuse, the grade may be dropped. Assignments will be posted on the course web site.

The exams will be in the evening. The purpose of having evening exams is to allow you more time.

**Academic Adjustments**

In this mathematics course accommodations are managed between the instructor, student and DRC Testing Center.

Students should see instructors outside class hours before or after class or during office hours to share your Accommodation Memorandum for the current semester and discuss your accommodations as soon as possible.
