MA 154 Calculator Policy:

**Graphing calculators are not allowed.**

A non-graphing, non-programmable, scientific calculator, which has square roots, trigonometric and logarithmic functions, and their inverses, is required.

Calculators may be used for all homework, exam and quiz problems *except* those where you are asked to find an exact value or where calculators are explicitly forbidden.

**Graphing calculators are not allowed on exams.**

**Graphing calculators are not allowed on quizzes.**
