</tbody>
</table>

Registering with the PIN Code

1. In your browser, type and go to http://www.ilrn.com This is the iLrn Front Porch.
2. Click First Time Users.
3. Since you are new, the ‘Find Your School’ page will open.
   a. In the School Location box select from the drop-down list.
   b. In the School Name box, type ‘Purdue’; then click Search. A list of schools will appear on the right.
   c. Click Purdue University (West Lafayette, In) to load it.
4. When your school is loaded in the School field, then type the Access Code for your section (which is listed in the table above). The Access code is case sensitive, so type it exactly as it appears (all upper case).
5. Follow the instructions on entering your email address as your login.
6. Click Submit.

Completing the Registration Form: Creating a Password and Contact Information

1. Create your iLrn password. Be sure to make your Password simple and memorable, but not too easy to guess. Also be sure to write down your Password in a safe place.
2. Fill in contact information. Type the appropriate information in all fields. All fields marked by an asterisk must be filled in.
3. When all information has been entered, click Register and Enter iLrn. You are then taken to your home page.

(over)
Subsequent Logins
1. In your browser, type and go to http://www.ilrn.com.
   NOTE: Be careful in bookmarking this web page. There are nine different web servers. These
   are denoted by ‘bca1, bca2,…, bca9’ somewhere in the web address that will appear as you are
   logging in. If you bookmark a specific server, it may end up being too busy and you may not
   be able log in to complete an assignment from time to time. Again, you do not want to go to
   the same server each time. Therefore, if you bookmark the webpage, you should edit the
   bookmark to http://www.ilrn.com. To avoid this server issue completely you can also simply
   type in http://www.ilrn.com each time you log in to iLrn.
2. Click Login.
3. If the school name does not appear, then search for it as before through ‘Find Your School’.
4. Type in your iLrn Login and Password.
5. Click Login.

COMPLETING AN ONLINE HOMEWORK ASSIGNMENT
Click on the My Assignments page, which gives you a chart that presents Due Dates,
Assignments, Course, and Scores. Note: assign 10 is due on Sept 20th at midnight.
1. On the My Assignments page, click the Take button for assign 10.
2. On the screen that appears, click on Click Here. You are then taken to the assignment.
   Note: at the top of the page are the following: a drop-down menu that allows you to skip among
   questions and that identifies which questions have been answered and unanswered; next/back
   arrows; help tab; end assignment link; and a timer.
3. In the answer field, solve question 1; then click Submit.
4. You will be given feedback on whether your answer is ‘RIGHT’ OR ‘WRONG’.
5. You may try to answer the question as many times as you like without penalty.
6. You can skip questions, print out questions, etc., and then go to the next question whenever you
   want.
7. Go to question 2, etc.
8. When you have solved all of the questions or want to come back to the assignment later, then click
   Done, and then click End Test.

Viewing Result Details of the Assignment
You are then presented with a Results chart, listing the overall score, each problem’s score, and a
view link to each problem. Click View for any question. Note that the actual algorithmic version
of the question as presented in the session is preserved, your answer is identified, the correct
answer is revealed. This assessment, as taken, may be printed.

Help and Technical support
You can go to the Math 152 web page to link to the Discussion board help system to have
questions answered. It is an open forum that will have a live moderator Sunday night, Tuesday night, and
Thursday night from 8:00 P.M. – 10:00 P.M. to answer questions. The iLrn Help Person will also answer
questions during off hours.

More help and tech support: Check out the many available links on the iLrn web pages
(Student Tour, iLrn Student’s Quick Start Guide, etc.)
