Math 301: Linear Algebra

Text: Introduction to Proofs and Real Analysis (by me)
http://www.math.purdue.edu/~rcp/MA301.html

Instructor: Richard Penney
Office: 722 Mathematics Building    Phone: 49--41968
E-mail: rcp@math.purdue.edu
WWW: http://www.math.purdue.edu/~rcp/MA301.html

Office Hours:
Mon 10:30--12:00
Wed. 10:30--12:00
Thr 1:00--2:00
or by appointment

Procedures

Homework is assigned daily and collected daily. Unless otherwise stated, homework is due at the beginning of each class period. You should make careful note of any questions you have before handing in the work. Late homework is not accepted. However, with a valid excuse, the grade may be dropped. Assignments will be posted on the course web site.

</table>

The exams will be in the evening, as indicated below. I will set my own exam. It will not be the same as the other section. However, Prof. McClure and I will make an effort to see to it that they are of comparable difficulty and graded in similar manner. The purpose of having evening exams is to allow you more time. It is expected that the majority of students will finish early.

Exam 1       Tue., Feb. 10, 7-9 PM       REC 113
Help Session Mon. Feb. 9, 7-9 PM       MATH 211

Exam 2       Thr., March 4, 7-9 PM     MATH 215
Help Session Wed. March 3, 7-9 PM     REC 113

Exam 3       Tue., April 6, 7-9 PM     REC 113
Help Session Mon., April 5, 7-9 PM    MATH 211

As compensation for the evening exams, there will be no class on Wed., Feb. 11, Fri., March 12, and Wed. April 7. There will be class on Fri. March 5.
Academic Adjustments

Students who have been certified by the Office of the Dean of Students -- Adaptive Programs as eligible for academic adjustments should go to MATH 242 and request the information sheet for this semester that explains how to proceed this semester to get these adjustments made in Mathematics courses. This should be done during the first week of classes. Only students who have been certified by the ODOS -- Adaptive Programs and who have requested ODOS to send their certification letter to their instructor are eligible for academic adjustments. Students who are currently undergoing an evaluation process to determine whether they are eligible for academic adjustments are encouraged to find out now what procedures they will have to follow when they are certified by requesting the above mentioned Information Sheet from MATH 242. Large print copies of the Information Sheet are available from MATH 242 upon request.
