Office Hours:
Mon 3:00--4:30
Wed. 3:00--4:30
Thr 2:00--3:00
or by appointment

Procedures

Homework is assigned daily but collected weekly (on Monday) at the beginning of the hour. You should make careful note of any questions you have before handing in the work. Late homework is not accepted. However, with a valid excuse, the grade may be dropped. Assignments will be posted on the course web site. Generally speaking, homework assigned on Friday will be due two Mondays hence. Thus, you will have at least one class period to ask questions before turning any assignment in.

<table>
<thead>
<tr>
<th>Homework +quizzes</th>
<th>100 points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exams</td>
<td>200 points (2@100 each)</td>
</tr>
<tr>
<td>Final</td>
<td>100 points</td>
</tr>
</tbody>
</table>

The exams will be in the evening. (The schedule will be posted shortly.) The purpose of having evening exams is to allow you more time. It is expected that the majority of students will finish early.

As compensation for the evening exams, there will be no class on Fri., Sept. 17, Fri., Oct. 8, and Mon. Nov. 22.
Academic Adjustments

Students who have been certified by the Office of the Dean of Students -- Adaptive Programs as eligible for academic adjustments should go to MATH 242 and request the information sheet for this semester that explains how to proceed this semester to get these adjustments made in Mathematics courses. This should be done during the first week of classes. Only students who have been certified by the ODOS -- Adaptive Programs and who have requested ODOS to send their certification letter to their instructor are eligible for academic adjustments. Students who are currently undergoing an evaluation process to determine whether they are eligible for academic adjustments are encouraged to find out now what procedures they will have to follow when they are certified by requesting the above mentioned Information Sheet from MATH 242. Large print copies of the Information Sheet are available from MATH 242 upon request.
