Cheating Policy

- Short version: **Don't be a cheater!**
- Medium version: **Don't get caught!**
- Long version:
 - Purdue prohibits academic dishonesty. According to University policy cheating, plagiarism, lying, and deceit in any of their diverse forms (such as the use of substitutes for taking examinations, the use of illegal cribs, plagiarism, and copying during examinations) is dishonest and must not be tolerated. Moreover, knowingly to aid, abet, directly or indirectly, other parties in committing dishonest acts is in itself dishonest. If found guilty of academic dishonesty, possible penalties include a failing grade, a warning, probation, probated suspension, suspension, or expulsion. For more details about the Purdue Policy on academic dishonesty see:
 - <http://www.purdue.edu/odos/osrr/academicintegritybrochure.php>
- ANY unauthorized sharing of exam material is also considered an act of academic dishonesty.

Accommodations for Students with Disabilities
