

iLrn ACCESS CODE

**SEE YOUR INSTRUCTOR
FOR YOUR ACCESS CODE—
THEY ARE SECTION
SPECIFIC!!**

If you already have an iLrn account (i.e. you were in MA 159 this semester or last semester):

Note: FOR STUDENTS WHO ALREADY HAVE AN I-LRN ACCOUNT:

- 1) **Login as normal**
- 2) **Register for a Course**
- 3) **Use the NEW Access Code (above)**
- 4) **Go to 'My Assignments'**

New Users:

Registering with the Access Code

1. In your browser, type and go to <http://www.ilrn.com> This is the iLrn Front Porch.
2. Click **First Time Users**.
3. Since you are new, the '**Find Your School**' page will open.
 - a. In the **School Location** box select from the drop-down list.
 - b. In the **School Name** box, type '**Purdue**'; then click **Search**. A list of schools will appear on the right.
 - c. Click **Purdue University (West Lafayette, In)** to load it.
4. When your school *is loaded* in the School field, then type the **Access Code** for your section (see above). The Access code is case sensitive, so type it exactly as it appears (all upper case). You will only need to type this code to register and will then no longer need it.
5. Follow the instructions on entering your **entire email address** as your login.
6. Click **Submit**.
7. Create your iLrn password. Be sure not to forget it.
8. Fill in contact information. Type the appropriate information in all fields. Only fields marked by an asterisk must be filled in. **You do not need anything filled in for a student ID number.**
9. When all information has been entered, click **Register and Enter iLrn**. You are then taken to your home page.

Subsequent Logins

1. In your browser, type and go to <http://www.ilrn.com>.
2. Click **Login**.
3. If the school name does not appear, then search for it as before through '**Find Your School**'.
4. Type in your iLrn Login and Password. Remember your login is your entire e-mail address. **If a page appears that says popups are blocked, go ahead and enter iLrn anyway. This failure will not prevent you from completing your assignments.**
5. Click **Login**.

(OVER)

COMPLETING AN ONLINE HOMEWORK ASSIGNMENT

Click on the **My Assignments** page, which gives you a chart that presents Due Dates, Assignments, Course, and Scores.

1. On the My Assignments page, click the **Take** button for **HW 1**.
2. On the screen that appears, click on **Click Here**. You are then taken to the assignment.
3. In the answer field, solve **question 1**; then click **Submit**.
4. You will be given feedback on whether your answer is 'RIGHT' OR 'WRONG'.
5. You may try to answer the question as many times as you like without penalty.
6. You can skip questions, print out questions, etc., and then go to the next question as you wish.
7. Go to **question 2**, etc.
8. When you have solved all of the questions or want to come back to the assignment later, then click **Done**, and then click **End Test**. You can go back to the same assignment later (before the due date) and finish uncompleted or incorrect problems. You will have a new version of the problem to complete. Any question answered correctly will remain static and you always have credit for those problems.
9. You will be able to view an assignment after a due date but will no longer receive credit once the due date has passed.

Viewing Result Details of the Assignment

After ending an assignment, you are then presented with a Results chart listing the overall score, each problem's score, and a view link to each problem. Click **View** for any question. Note that the question is presented, your answer, and the correct answer. This will help you judge if your math was incorrect. If you log back in to that same assignment, you should get a different version of the same problem to try again.

Help and Technical support

There is a wealth of on-line help and tech support. Check out the many available links on the iLrn web pages (Student Tour, iLrn Student's Quick Start Guide, etc.)

Student Technical Support contacts:

Phone 1-888-281-2990 Monday-Friday 10:00 A.M. – 9:00 P.M.

Or Phone: 1-800-423-0563 Monday-Friday 8:30 AM – 6:00 PM

E-mail: tl.support@thomson.com

You are encouraged to use an **ITaP computer**.

If you have any difficulties getting started, live help is available to you Sunday (Sept. 18), Tuesday (Sept. 20), and Thursday (Sept. 22) from 8-10pm in **SC 283**.

Starting with September 25, you can receive live online help. There is a link to a discussion board from the MA 153 web page. The help person will be live Tuesday, Thursday, and Sunday nights from 8-10 pm and if you post a question during other times, she will respond as quickly as possible. She will not help you with the math but rather with inputting problems. You are also welcome to read other student questions to see if you have the same one and the previous reply.

There are iLrn hints and suggestions posted each week that you can print from the MA 153 web page. Please use these resources and read the suggestions to help you in your online adventure.
