Study suggestions:

- (1) Practice final exam questions available online on MA 153 web page.**
- (2) Re-do all three midterms. Blank copies are available online from the main MA 153 web page. Answers also available.**
- (3) Look over homework/quizzes from the semester.**
- (4) Do the review problems that were assigned for each exam. Those problems can be found online from the MA 153 web page. Some additional review problems included from material following exam 3.**

Any concept covered by homework this semester is a possibility for the exam. Do not rely solely on the practice questions as a study guide.
