

MA 153

Final Exam Information

Wednesday, May 3

8:00 am (2 hour final)

Lambert Fieldhouse

You will sit with your instructor's sections. There will be signs posted in Lambert to help direct you.

Accumulative (covers the entire semester)

BRING YOUR STUDENT ID TO THE EXAM WITH YOU

30 multiple-choice, machine graded problems

Only your answer sheet is graded so make sure you have answered all questions the way you want.

Any formula provided on any midterm would be also provided on the final exam. In addition, the two interest formulas are provided, if needed, on the exam.

Bring a scientific calculator with you to the exam. You will not be allowed to use a graphing or programmable calculator, so do not bring one. No cell phones or PDA's are allowed at the exam.

Study suggestions:

- (1) Practice final exam questions available online.**
- (2) Re-do all three midterms. Blank copies will be available online under "Past semester's exams". Answers also available.**
- (3) Look over homework/quizzes from the semester.**

Any concept covered by homework this semester is a possibility for the exam. Do not rely solely on the practice questions as a study guide.
