The last day to drop is to a lower level math course is Wednesday, February 8.

The last day to drop the course is Monday, March 20.

\*\* You will have a daily score for each class period starting Friday, January 13. This score is comprised of either a short, 5 minute quiz at the end of class or the process of collecting the homework due that day and grading 1-2 problems. The only exceptions to days that a score will not take place are the optional review days before each exam and during dead week (no quiz, but collect homework).
