

MA 261
Procedure for Drasin Lecture

(posted January 8, 2007) Homework from the **Monday** lecture will be collected in recitation class the next day (Tuesday) in recitation class. Homework for the lectures from the Wednesday and Friday lectures will be collected **at the end** of the following lecture (that is, Friday and Monday respectively).

Homework collected on Monday should normally be returned on Tuesday, and that collected on Wednesday will be returned **at the start** of the Friday lecture, and that collected Friday will be returned on Monday.

We expect to have time for questions about the homework during each lecture – so be prepared to ask questions. Be sure to check the web page (www.math.purdue.edu/MA261) for updates and announcements.
