These grades are intended for approximations only. Remember that your goal is to get as many points as you can. The more points you earn, the better your chances to get a higher grade.

You quiz scores and HW scores together count as the equivalent of one exam. Keep track of your quiz averages. Use the following approximations for HW: 90% or higher A, 80-89% B, 65-79% C, 50-64% D, below 50% F. If you average your quizzes and homework together you have the equal of one exam. (For those of you who added the class later in the semester, you HW average will not be accurate on coursecompass.)

If you need to discuss your grade, you may see the course coordinator or your instructor.
