

MA 152 – Online Homework iLrn/CengageNOW Course Key Code – for Registration & Getting Started

Note: This system used to be called iLrn or ThomsonNOW, but is now called CengageNOW. If you have used iLrn or ThomsonNOW during a different semester, follow instructions in the box. If you never used iLrn or ThomsonNOW, skip over the box.

FOR STUDENTS WHO ARE REPEATING THE COURSE ONLY:

- 1) Login as normal
- 2) Click ‘Register for Another Course’
- 3) Use the new Course Key
- 4) Click ‘Courses’
- 5) Click ‘Assignments’

For those new to online homework in Math 152: Registering with the COURSE KEY

1. In your browser, type and go to <http://www.ilrn.com> , the iLrn/CengageNOW Welcome page.
2. On the left side of this page, under **New Users**, click **Create an Account**.
3. After the **Registering** page opens, click ‘**Student**’.
4. Follow the instructions to find your school: **Purdue University (West Lafayette, In)** and then click the ‘**Continue**’ button.
5. Under the **Course Key** icon, click the button for ‘My **instructor** gave me a code to register for a class’.

In the **Course Key** box, type the following:

Phillips 8:30 - 0201 **E-YTP2SVDNPY7NJ**

7. Enter your **entire valid email address** (this will also be your login for CengageNOW)
8. **And** enter your password, security question, and name.
9. Read the **End User License Agreement**, select the ‘**I agree**’ button, then click **Continue**.
10. Click ‘**Enter CengageNOW**’ which takes you to your new personal **Home** page.

Subsequent Logins

1. In your browser, type and go to <http://www.ilrn.com> .
2. Under **Returning User**, click **Sign In**. If the school name is incorrect, then search for it as before.
3. Type in for your login your entire **e-mail address** and **Password**, exactly as when you registered.
4. Click **Sign In**.

COMPLETING AN ONLINE HOMEWORK ASSIGNMENT

Click on the 'Assignments' page, then on Due Dates, Assignments, Course, or Scores.

1. On the Assignments page, click the **Take** button for **HW 1**.
2. On the screen that appears **wait for the assignment to finish loading**, **then** click on **Start assignment now** (**NOTE: If you fail the system check you can still 'Continue with assignment', but somethings may not work correctly**). You are then taken to the assignment.

Note: A menu on the left side of the screen allows you to skip among questions and identifies which questions have been answered and unanswered.

3. In the answer field, solve **question 1**; then click '**Enter Answer**'. Go to **question 2**, etc.
4. When you are done **or** if you simply want to stop and then come back later to complete the remainder of the problems, you can stop at any point by clicking '**Submit assignment for grading**'.
5. You can then also review the results details of your assignment, print out a problem, etc.

HINTS AND SUGGESTIONS – GETTING STARTED:

- 1) When you have the **palette with the math symbols** to enter answers, the top row is actually a menu of choices. Click on the square root symbol and you will see a template for any root as a choice.
 - 2) If you are having trouble with the **login name**, remember your login name is your email address. The whole email address you typed in when you registered.
**For example, 'beststudent@purdue.edu' not just 'beststudent'.
 - 3) **How many times you attempt a problem** or a whole assignment has **no effect or penalty on your grade**. Until the due date has passed, you can try any problem or assignment as many times as you want. You can redo problems you miss as many times as you like and thus improve your grade. You can also print off problems and then work on them later. If you logout, the problems you missed will be regenerated with the numbers changed the next time you take the assignment.
 - 4) **The biggest difficulty** students seem to have is in **typing their correct answers into the system** the way the CengageNOW system wants the answer specifically typed in. This problem usually occurs on only a very few of the problems though. Be persistent. **In the following order of likelihood, the answers in the back of the book for similar types of problems**, the examples in the book, the even answer overheads in recitations, and the way your lecturer writes final answers are all good clues as to how to type answers into CengageNOW.
 - 5) ****Use campus computer labs**. Some browsers and computers function better with the CengageNOW system than others. Also, slower dial-up internet connections will not likely work very well with the system.
 - 6) When you login to CengageNOW, on the 'Assignments' page in the 'Actions' column there is a 'View' link that will allow you to **view problems and your answers** for the assignments you have tried.
- *****NOTE:** **The **View lists your answer twice** and **does not** give you the correct answer, so read that page carefully.

NOTE: **The details lists your answer twice**, so read that page carefully.
