

MA 152 FINAL EXAM Memo
Wednesday, July 30, 1:00 PM
Location: BRNG 2280

**** Bring your Purdue ID, appropriate calculator, and pencils/erasers with you to the final exam.**

**** Arrive 10 to 15 minutes early in order to find your seat.**

**** Know the calculator policy. Students can only use a one-line scientific calculator. No other scientific calculator, graphing calculator, or programmable calculator will be allowed. Cell phones cannot be used for a calculator (in fact, cell phones must be put away and turned off). If a student does not bring their own appropriate calculator, they may have to take the exam without a calculator. No sharing of calculators is allowed.**

1) Every student has an **assigned seat** in BRNG 2280. Please know your seat when you arrive. If you do not know your seat prior to the exam, please email Charlotte at baileycm@purdue.edu or Dan at marti188@math.purdue.edu. Attendance will be taken.

2) **The final exam is cumulative** (comprehensive) and covers every lesson and all topics or types of problems covered during the semester.

3) There are **30 multiple-choice problems** on the exam. No partial credit will be given. **Double check answers before turning in your scantron and exam.**

4) The exam is twice as long as regular exams. Therefore, you will have twice as much time, **120 minutes**.

5) The exam is self-explanatory. No questions will be allowed **unless a student believes there is a typographical or printing error.**

5) The following are **appropriate review problems**.

- The PRACTICE QUESTIONS FOR THE FINAL found on the course web site (www.math.purdue.edu/ma152) under 'resources'. Answers are provided on the last page.
- All of the old exams; those on the webpage and those used this semester.
- Any of the homework problems. I would recommend looking at every homework problem from this semester.
- Any previous review problems provided on the exams 1, 2, or 3 memos. These memos are still located on the course web site.
- These additional review problems for topics since exam 3:
Pg. 237: 60, 62, Pg. 325: 17, Pg. 669: 2, 4, 5, 6, 7, 8, 9, 10, 11, 12

- 6) There is a **formula sheet** that will be provided for you on the final exam. These formulas are posted on the MA 152 web site: www.math.purdue.edu/ma152. Additionally, any formulas from chapter 4 that are needed will be provided on the exam.
- 7) Students arriving after 45 minutes will be allowed to take the make-up (alternate) final. If they arrived late for a non-valid reason, a grade penalty will be applied.
- 9) A student must contact the course coordinator, Charlotte Bailey, in MA 802 **IMMEDIATELY** if some emergency prevents him/her from taking the exam (496-3145). Students must contact her in person or by phone. Do not send an email or leave a phone message.

For non-valid reasons, a make-up *may* be allowed with a grade penalty. Not knowing the right date, time, or location of an exam is **NOT a valid reason for missing it.**

REMINDER: NO scrap paper or books are allowed on this exam.
