

MA 154 FINAL EXAM Memo  
Thursday, July 31, 3:20 PM  
**Location: SC 239**

**\*\* Bring your Purdue ID, appropriate calculator, and pencils/erasers with you to the final exam.**

**\*\* Arrive 10 to 15 minutes early in order to find your seat.**

**\*\* Know the calculator policy. Students can only use a one-line scientific TI-30 calculator. No other calculator, scientific or other type, will be allowed. Cell phones cannot be used for a calculator (in fact, cell phones must be put away and turned off). If a student does not bring their own appropriate calculator, they may have to take the exam without a calculator. No sharing of calculators is allowed.**

1) Every student has an **assigned seat** in SC 239. Please know your seat when you arrive. If you do not know your seat prior to the exam, please email Charlotte at baileycm@purdue.edu. Attendance will be taken.

2) **The final exam is cumulative** (comprehensive) and covers every lesson and all topics or types of problems covered during the semester. There is a balance of questions; majority will not come from lessons covered since exam 3.

3) There are **30 multiple-choice problems** on the exam. No partial credit will be given. **Double check answers before turning in your scantron and exam.**

4) The exam is twice as long as regular exams. Therefore, you will have twice as much time, **120 minutes**.

5) The exam is self-explanatory. No questions will be allowed **unless a student believes there is a typographical or printing error.**

5) The following are **appropriate review problems**.

- The PRACTICE QUESTIONS FOR THE FINAL found on the course web site ([www.math.purdue.edu/ma154](http://www.math.purdue.edu/ma154)) under 'resources'. Answers are provided on the last page.
- All of the old exams; those on the webpage and those used this semester.
- Any of the homework problems. I would recommend looking at every homework problem from this semester.
- Any previous review problems provided on the exams 1, 2, or 3 memos. These memos are still located on the course web site.
- These additional review problems for topics since exam 3:  
Pgs. 792-3: 2, 3, 5, 8, 9, 12, 14, 19, 20, 22, 23, 24, 27

- 6) The official **formula sheet** will be provided for you on the final exam. These formulas are posted under resources on the MA 154 web site: [www.math.purdue.edu/ma154](http://www.math.purdue.edu/ma154).
- 7) Students arriving after 45 minutes will be allowed to take the make-up (alternate) final. If they arrived late for a non-valid reason, a grade penalty will be applied.
- 9) A student must contact Charlotte Bailey, in MA 802 **IMMEDIATELY** if some emergency prevents him/her from taking the exam (496-3145). Students must contact her in person or by phone. Do not send an email or leave a phone message.

**For non-valid reasons, a make-up *may* be allowed with a grade penalty. Not knowing the right date, time, or location of an exam is NOT a valid reason for missing it.**

**REMINDER: NO scrap paper or books are allowed on this exam.**
