

Pre-articulated Semester Study Abroad Programs

Department: Mathematics

Study Abroad University: Lancaster University,
United Kingdom

Purdue Semester: Spring Semester, Junior Year

Purdue Course Curriculum for that Semester:

- (2) Math Electives (possibilities: Math 416, 425, 440, 453*)
- (3) General Education or Free Electives

Study Abroad Course Replacement Options:

Lancaster Math 215 → Purdue Math 425 Complex Analysis
Lancaster Math 225 → Purdue Math 453 Modern Algebra
Lancaster Math 230 → Purdue Math 416 Probability Theory
Lancaster Math 311 → Purdue Math 440 Real Analysis

Selection of General Education and Free Electives:

ENGL 306 Shakespeare

HIST 211 Kingship, Warfare, and State Building: The Shaping of Early Medieval Britain

GEOG 379 Globalization and the World Economy

Brief Information on Lancaster University:

The campus of Lancaster University is located on 250 acres of parkland overlooking the Irish Sea. Students have easy access by public bus to the city of Lancaster, located three miles north of campus. This modern campus is the center of learning for approximately 10,000 students. The city of Lancaster lies on the west coast of Britain. By train the city is just over one hour from Manchester, two hours from the Scottish capital of Edinburgh, and three hours from London. And with a population of around 134,000, Lancaster is one of the fastest growing areas in the County of Lancashire.
