

Final Exam Curve

Following are the approximate letter grade cut-offs that are for your information from the final exam. You may obtain your final exam score from the MA 153 web page using your career account login information. The score you see online is the raw score out of 200 points. For example, if the score listed is 87, that is 87/200 points.

You may obtain your final letter grade for the course from My Purdue December 23. Do not call/e-mail your instructor or the course coordinator for that information.
