You cannot re-do the online problems once the due date has passed, but you can view the problems and your responses. You can also work the corresponding problems from the textbook.
- 5) Students need to know the **formulas** for the perimeter and area of a rectangle or square and the area of a triangle. Any other needed formulas will be provided.
- 6) **Exams from previous semesters** are available on the web page. These are good for review purposes, but not a guarantee of what will or will not be on the exam. Do not use these past exams as your only means of studying. Review homework problems and quiz problems.
- 7) Students must bring a **PHOTO ID** with them to the exam, preferably your Purdue ID. It is recommended that students arrive early, about 20 minutes early.
- 8) No one will be allowed to leave the exam site for the first 20 minutes of the exam. Students arriving after 20 minutes will be allowed to take the make-up exam. If they arrived late for a non-valid reason, a grade penalty will be applied.

Information continued on the next page.

- 9) Your instructor will describe where you will be seated and will assign seats. **You are to sit in your assigned seat.** Enter through the aisle(s) your instructor describes and find your seat. If you have a 3-digit odd numbered seat, you are on the left side (facing the stage) of the first balcony and, I believe, the number is on the right arm of the seat. If you have a 3-digit even numbered seat, you are on the right side (facing the stage) of the first balcony and, I believe, the number is on the left arm of the seat. If you have a seat number from 1 to 13, you are in the center section of the first balcony. You will be seated every third seat so there should be 2 people between you and another person. Make sure you are lined up directly in front and/or behind another student.
- 10) Before you enter the first balcony of Elliott Hall of Music, you will be handed a lap board to write on during the exam. Please return those boards when you are finished with the exam. When you are finished, turn in your scantron (answer sheet) to your instructor and show your Purdue ID. If you are finished early, **leave quietly.** Wait for any friends in the lower lobby.
- 11) Bring with you the following: pencils, erasers, and Purdue ID. **Do not bring a calculator or scratch paper. Turn your cell phone off; or better, do not bring it. Do not wear hats or tinted glasses (sunglasses).** Book bags, totes, or purses should be closed.
- 12) A student must contact the course coordinator, Charlotte Bailey, in MATH 802 (496-3145 or baileycm@purdue.edu) IMMEDIATELY, if some emergency prevents him/her from taking the exam. You must see Charlotte in person ASAP to arrange to take the alternate exam.

If you have an academic conflict with any of the evening exams, you must let the course coordinator know no later than two business days (Tuesday, February 3rd) before the exam takes place. If you have an emergency situation that will prevent you from attending an evening exam you must contact the course coordinator by telephone or in person (not by voice mail or e-mail) no later than 2:00 PM on the day of the exam.

For non-valid reasons, a make-up *may* be allowed with a grade penalty. Not knowing the right date, time, or location of an exam is NOT a valid reason for missing it.

REMINDER: NO calculators are allowed on this exam.
