Also, this curve should not be used as an absolute determination of what letter grade you have in the course. It is provided for your own information and as an indication of how your score compares to others. Also consider where in the range your score falls. For example, a score of 80 could be regarded as a C or a B (it is very close to a C). Your **TOTAL NUMBER OF POINTS** earned during the semester determines your final letter grade in the course.

Please go to Blackboard to view your current online HW score (out of a possible 50 points) and your current online quiz score (out of a possible 100 points).

The deadline for dropping down to a lower level math course is Thursday, February 12. Please see your academic advisor if interested.
