Your goal is to earn as many points as possible. Each exam is worth 100 points, the final is worth 200 points, the quiz average is scaled to 50 points, online homework average is scaled to 25 points, and paper homework is scaled to 25 points; for a total of 600 points. The more points you earn, the greater the possibility of a higher grade. The above cut-offs are approximations only. If you are close to a cut-off the grade could be either way. For example, if you received an 80, your grade could be considered a B- or a C+.
