

MA 16100 --- Calendar/Schedule --- Summer 2010

*****This will supplement the Assignment Sheet very nicely.**

Note: The format in the date boxes below is as follows...

1) Quizzes are noted in the upper right hand corner of a date box – quiz material covered will typically be from the three prior lectures and associated homework assignments. This coverage will be clarified/adjusted by the TU/TH instructor.

2) The second line of the date box will refer you to what Lesson # on the Assignment Sheet will be covered that day in class. You are expected to attempt to complete the homework the day and evening of the lesson/lecture and ask questions on those particular problems the following class period. NOTE: A few of the WebAssign online homework due dates are extended beyond the day we go over the homework questions for a given lesson and you should always be aware of those due dates which can be seen each time you login to WebAssign.
