

MA 15300 Fall 2011 Assignment Sheet

Text: Algebra and Trigonometry with Analytic Geometry by Swokowski / Cole, Classic Twelfth Edition, Brooks / Cole (2010).

Calculators are required, and only a one-line, scientific calculator is allowed for quizzes and exams. The TI-30XA scientific calculator is strongly recommended. Calculators may be used for all problems below except those where you are asked to find an exact value or where calculators are explicitly forbidden. **It is highly recommended that you complete all homework problems on paper and then enter solutions online.**

All problems will be done online using the computerized homework system WebAssign. **Again, it is highly recommended that you complete all homework problems on paper and then enter solutions online.**
