

Text: Algebra and Trigonometry with Analytic Geometry by Swokowski / Cole, Classic Twelfth Edition, Brooks / Cole (2010).

**A one-line, TI-30XA scientific calculator, is the only calculator allowed on quizzes and exams. No other calculator is allowed. It does not matter what you were allowed to use in MA 15300.**

All 40 lessons have been recorded in PowerPoint, with Mr. Delworth narrating how to work each problem, and are accessible in Blackboard. This is not a substitute for attending class; however, it might be a helpful aid in understanding the material.

Homework will be completed in the online homework system WebAssign. Information about WebAssign is on the course web page. Lesson 4 is the only assignment that is not in WebAssign.
