The final exam for Math 13700 will take place at 3:20 PM on Wednesday, May 2, 2012 in EE170.

The exam will have 18 questions. Ten multiple-choice questions will be worth 7 points each. Eight open-answer questions will be worth 10 points each. Partial credit will be given on the open-answer questions only. Five questions will be from lessons 31-35.

No calculators will be allowed. It is good to arrive 15 minutes early. Of course, bring your photo ID.

The following is a list of recommended problems from sections 10.4-11.4 of the Supplementary Learning Exercises. These are the sections covered during lessons 31-35, after exam 3.

Section	Problem numbers
10.4	back on page 199, Activity 7 (and properties of addition as well)
11.1	2, 3, 4, 9, 11, 12, 14
11.2	3ae, 4, 7, 8, 9a, 11
11.3	1ab, 3aeh, 4ad, 5fh, 6
11.4	3
