The following are approximate letter grade cut-offs for exam 1:

Overall average for Exam 1: 63

$$A \ 90 - 100$$

$$B \ 80 - 89$$

$$C \ 60 - 79$$

$$D \ 47 - 59$$

$$F \ 0 - 46$$

This curve should not be used as an absolute determination of what letter grade you have in the course. It is provided for your own information and as an indication of how your score compares to others. Also consider where in the range your score falls. The **TOTAL NUMBER OF POINTS** earned during the semester will determine your final letter grade in the course.

Keep in mind that this curve **<u>DOES NOT</u>** change your percentage score on the exam; it only provides a letter grade representation of that percentage score.

The deadline for dropping down to a lower level math course is Thursday, February 9. Please see your academic advisor if interested.
