

MA 15300, 15400 and 15900 all use the same textbook:

Algebra and Trigonometry with Analytic Geometry by Swokowski and Cole,
Classic 12th Edition, Brooks/Cole (2010).

It is very important that you purchase the “**Classic**” edition as there are two different versions of the 12th edition in the market. If you purchase it at a local bookstore, you should have no problems. If you are ordering online, you need to be careful.

WebAssign is the online homework system that the course uses. Your access from last semester should be fine for this semester and you do not have to purchase additional access.
