

MA 15800 Exam 2 Memo
Thursday, March 7 – 8:00pm (90 minute exam)
In Elliott Hall of Music

1. Exam 2 covers Sections 4.5, 5.1-6.1. This coverage is Lessons 15 to 23.
2. The exam will consist of 19 **multiple-choice** problems. The exam is **machine graded**, so there will be **no partial credit** available. Word problems will be an important part of the exam.
3. Only a **one-line scientific calculator** is allowed on this exam. No other calculators (two-line, graphing, etc.) are allowed. If you are unsure if your calculator is “legal,” check with your instructor **BEFORE** the day of the exam.
4. Since the exams will be machine graded, the only thing that will be graded is the scantron answer sheet. You may the question sheet. Double check what you are turning in to make sure you have the correct section number reported and bubbled in. **We cannot grade anything on their question sheets.**
5. Review Problems
 - p.272 #29, 30, 31, 32, 34, 35, 39, 40
 - p.342 #2, 5, 7, 9, 11, 14, 17, 21, 23, 25, 27, 29, 33, 43, 45, 46, 48, 53, 56, 57, 59, 63, 64, 69, 73
 - p.433 #1, 2

Remember, these review problems are a limited selection of nice problems, looking over all of the homework problems on the Assignment Sheet is the best way to get feel for what material could appear on an exam.

6. Copies of previous MA 15800 exams can be obtained **from the webpage**. Note that the old exams do not cover all of the available material. **Looking over all of the homework problems assigned is the best way to get feel for what material could appear on an exam.**
 7. **Please reread the section of the course ground rules regarding exams.**
 8. *****You must use your 10 digit Purdue ID number on the exam scantrons.**
 9. *****You must bring your Purdue student ID to all the exams.**
 10. **If you miss the exam you need to contact the course coordinator and your instructor immediately (norris@math.purdue.edu, MATH 810). Do not to wait until the next class session to contact the instructor and course coordinator.**
 11. *****The exam is self-explanatory. Instructors are not allowed to interpret any of the questions for any of their students. Further, students should never ask an instructor to interpret a question. Period.**
 12. Any student that **does not** have a **valid, documented reason** for missing an exam may still be allowed to sign up for the make-up exam with a grade penalty. Carelessness in knowing the correct time/place of the exam will not be a valid reason for missing the exam.
 13. During the exam, no student is permitted to leave before the first 30 minutes of the exam. No student is allowed to come in and take the exam after the first 30 minutes. If a student shows up more than 30 minutes late, they should be directed to talk to me at the exam about the possibility of taking the make-up exam. If they do not have a valid and documentable reason, it will be with a grade penalty.
