

You may use a Purdue Computer in one of the campus labs, or use your home computer. As long as you have the newest version of Adobe FlashPlayer installed, your computer should be able to access the site.

Address for online HW

www.pearsonmylab.com

Purdue zip code: 47907

Course ID: bailey33602

If you **have used** MyMathLab before, follow the steps in the PowerPoint (found at www.math.purdue.edu/ma22000) for enrolling in a new course. You will login with your usual MyMathLab username and password.

If you **have never used** MyMathLab before, follow the steps in the PowerPoint (found at www.math.purdue.edu/ma22000) for registration for MyMathLab

All students need to view the PowerPoint slides (found on the course web page, www.math.purdue.edu/ma22000) that describe the features of MyMathLab; how to work homework, how to view the online grade book, how to review, how to see the online textbook, etc.
