

MA 15300Y (Online) Summer 2013

- Instructor: Patrick Devlin
 - (you may call me Patrick).
- Office: MATH 804
- Email: pdevlin@purdue.edu (ALWAYS check the course websites FIRST before emailing)
- Phone: (765) 494-1918
 - Email is the preferred method of communication
- Office Hours: 9:00 to 11:00AM, Monday through Friday
- Course Website: www.math.purdue.edu/ma153y

Course Materials

- The documents that are relevant for the online section only are available at:

www.math.purdue.edu/ma153y

- General course info and resources are available on the main course website

www.math.purdue.edu/ma153

- You are responsible for reading and understanding all the course materials.
- **ALWAYS check the course websites FIRST when searching for course information.**

Keys for Success

- Set aside **at least** 3 hours a day for this course; schedule time for this course just like a traditional course
- Watch all video lessons, complete all outlines and take notes
- Go through all PowerPoint presentations and take notes
- Complete all homework assignments
- Complete all quizzes
- Complete all exams

Online Homework

- All homework is online through WebAssign
- Registration (do this **TODAY!!**):
 - Go to the [MA 15300 website](#)
 - Click on [WebAssign Intro](#) under the “Online Homework” section and follow the instructions.
- There is a two-week grace period during which no payment is required
- The online homework schedule and due dates/times are available on [WebAssign](#)
- [10% bonus is given for homework problems correctly completed at least 6 before the deadline](#)
- [Four lowest HW scores dropped automatically](#)

Online Homework (continued)

- You can log out and come back to assignments later; those you got right stay right; answers will be shown after the due date/time
- You can attempt each problem up to 100 times without penalty before the due date
 - [Exception: multiple-choice questions](#)
 - Score penalty after one incorrect answer for problems with only two choices.
 - Score penalty after two incorrect answers for problems with three or more choices.
- Online homework is scaled to 50 total points at the end of the semester
- **THERE ARE NO MAKE-UP ASSIGNMENTS**

Advice Regarding Homework

- Complete each assignment as soon as you can after each lesson. With multiple attempts and the early submission bonus, there is no reason that you should not receive at least 100% on each homework assignment.
- Use Mozilla Firefox as your web browser when working on WebAssign. Problems have been reported when using WebAssign with other web browsers.
- Complete all homework problems on paper, before entering your solutions on WebAssign.
- Check the [Homework Help](#) documents under “Online Homework” on the [MA 15300 website](#).

Advice Regarding Homework

- A score of 100% (or more) on a homework assignment does not necessarily mean that you understand everything from that assignment. With essentially unlimited attempts on each problem, and the opportunity to earn bonus for early submissions, a score of 100% or better can be earned simply by being persistent. However, the majority of each student's final overall course grade will be determined by the four common exams, on which there is no bonus and only one attempt per problem. And since one of the goals of the homework is to help prepare you for exams, you are strongly encouraged to review any homework problems that require more than one attempt to correctly answer. **If a homework problem requires multiple attempts, go over it again**

Quizzes

- All quizzes will be completed online using WebAssign
- The quiz schedule is available on WebAssign and the Course [Schedule](#)
- **THERE ARE NO MAKE-UP QUIZZES**
- [Each student's lowest quiz score will be automatically dropped at the end of the semester.](#)
- Quizzes are scaled to a total of 100 points at the end of the semester.

Exams

Write these down NOW!

- Exam 1: Monday, June 24th, covering Lessons 1 – 12
- Exam 2: Monday, July 8th, covering Lessons 13 – 23
- Exam 3: Monday, July 22nd, covering Lessons 24 – 34
- Regardless of whether you are on or off-campus, you must take exams on the dates scheduled
- **NOTHING** will influence your final overall course grade more than your exam scores

Final Exam

- The date and time of the final exam will be announced later this semester. Students will **NOT** be allowed to take the final exam early. Do not make plans to leave campus early (**July 31, August 1, or August 2**).
- Again, **NOTHING** will influence your final overall course grade more than your exam scores

Calculator Policy

- **ONLY** a [TI-30Xa scientific calculator](#) may be used on quizzes and exams (approx. \$10 in the bookstore)
- Nothing else may be used quizzes and exams in place of a [TI-30Xa scientific calculator](#)
- Student are not permitted to share calculators on quizzes or exams

Accommodations for Students with Disabilities

- During the summer session, accommodations for exams are managed between students, their instructor, and the Disability Resource Center Testing Center
- Students should see their instructor during office hours to deliver their Accommodation Memorandums and discuss their accommodations
- Students must have a certification letter from the Disability Resources Center in order to receive exam accommodations; if you feel you require accommodations but do not have a letter, visit the Disability Resource Center

University Grief Policy

- In the unfortunate event of the loss of a loved one, students should contact the Office of the Dean of Students to request that a notice of his or her leave be sent to instructors. The student will provide documentation of the death or funeral service attended to the ODOS. Given proper documentation, the instructor will excuse the student from class and provide the opportunity to earn equivalent credit and to demonstrate evidence of meeting the learning outcomes for missed assignments or assessments. If the student is not satisfied with the implementation of this policy by a faculty member, he or she is encouraged to contact the Department Head and if necessary, the ODOS, for further review of his or her case. In a case where grades are negatively affected, the student may follow the established grade appeals process.

Grades

- 100 points for each regular exam, 200 points for final exam, 50 points for online homework, 100 points for quizzes
- Procedure for assigning course grades outlined in the [Syllabus](#)
- [The only way to earn bonus points is to correctly submit homework problems early.](#) There is no extra credit given in any section. Your final grade is based solely on the points earned.
- Final overall course grades are only available through the MyPurdue system. **DON'T EMAIL. DON'T CALL.**
- **Nothing will influence your final course grade more than your exam scores**

Cheating Policy

- Short version: **Don't cheat**
- Long version:
- **Cheating is not tolerated! Grade penalties will always be imposed by the department. All cheating cases will also be reported to the Dean of Students for disciplinary action (probation, suspension, expulsion).**

Resources on the [MA 15300 website](#)

- Online video lessons, PowerPoint presentations, and outlines for lecture notes (same as what available in on the [Schedule](#))
- [Homework Hints](#) (available under “Online Homework”)
- [Calculator Tips](#) (available under “Online Homework”)
- [Info on viewing past assignments](#) (available under “Online Homework”)
- Exam Info (will be available under “Exam Info.”)
- [Past Exams](#) (available under “Exam Info.”)
