Chris Creighton	0005	MWF 2:30pm	WTHR 320
Chris Creighton	0004	MWF 1:30pm	WTHR 200
Dave Norris	0003	MWF 7:30am	WTHR 200

**PLEASE NOTE THAT THE TIME AND LOCATIONS ARE NOT THE SAME AS THE MIDTERM EXAMS.**

1. The final exam is comprehensive. It will consist of 30 multiple-choice questions. The exam will consist of the following:
  - a. 15 questions will come from the material after Exam 3 (Lessons 32-39)
  - b. 15 questions will come from the three midterms, 5 questions from each exam. The numbers or equations in the problems will be modified.
2. Only a TI-30Xa one-line scientific calculator is allowed on the exam. No other calculators (two-line, graphing, etc.) are allowed.
3. Since exams will be machine graded, the only thing that will be graded is the scantron sheet. Make sure that you have filled in all of the information (name, PUID, test form, section number, and answers) on the answer sheet.
4. You will turn in both the scantron and the exam form for the final exam.
5. The following are review problems for material AFTER exam 3. REMEMBER, these review problems are a limited selection of problems. Looking over the homework is the best way to get a feel for what material could appear on the exam. For the material BEFORE exam
  - p.435 #62, 64, 66, 67, 70
  - p.497 #, 41, 42, 43, 51, 52, 53, 54, 55, 56
  - p.557 #7, 8
  - p.648 #1, 2, 4
  - p.704 # 42, 43, 44, 45, 47, 49, 55, 59, 60
6. Please reread the section on the syllabus regarding exams.
7. You **must** bring your PUID to the exam
