

# **MA16020 -- WebAssign Homework CALENDAR**

## **A & B Assignments Explained**

**ALWAYS:** Login to WebAssign through Blackboard, where you will click the “WebAssign” link.

**ALL:** Homework Assignments are always due at 11:59PM local time, EDT.

**ALL:** Homework Assignments are worth 20 points.

**NOTES:** You can retake HW assignments, and individual problems, as often as you want until the due date/time for an assignment passes.

**BONUS:** A 20% bonus can be earned on each homework problem completed by 11:59PM the day the day the bonus must completed.

For each problem, after 3 answer submissions there is a 10% reduction for each additional answer submission. DO NOT GUESS. Make sure you are as confident of your answer as possible before each submission.

**NOTE:** This means that being proactive and starting HW assignments before a given Lesson/Lecture is always to your advantage and you should try to repeatedly discipline yourself to form that beneficial habit whenever possible.

**CALENDAR KEY:** “1A” means Homework Assignment 1A must be completed that day by 11:59PM.  
 “1A Bonus” means bonus points must be earned that day by 11:59PM.
