- Manage & balance time well
- Network
- Attend office hours
- Pay attention (50 min)

I. Studying Mathematics for UNDERSTANDING

- ✓ Read text before class (2-3 pages)
- ✓ Keep up with the lecturer (Math is cumulative)
- ✓ Take good notes (it is NOT all in the book) and keep a notebook or folder
- ✓ Keep and review all returned HW/quizzes/exams; review your mistakes: $e^{(a+b)} \neq e^a + e^b$
- ✓ Use available resources (not just before exam)
- ✓ Create or use Study Guides
- ✓ Organize and synthesize material

II. Studying Mathematics for EXAMS

- ✓ Create or use Study Guides
- ✓ Work many problems
- ✓ Form study group (3-5 people)
- ✓ Prepare well in advance
- ✓ Exam # 2 will contain topics from Exam # 1
- ✓ Most exams are multiple choice
- ✓ Use available resources
- ✓ Follow instructions!

III. Online Homework Tips

- Do problems without cheating
- Note the hard problems
- Issues with online system
(Web Page Help → TA → Coordinator)
- Do HW well before the deadline
- Periodically look at scores
