## Ground Rules for MA 26200, Spring 2016

**Homework:** The primary way to submit homework will be through *WebAssign*. There will also be hand graded homework submitted on paper. The Assignment sheet is available on the course webpage. The login page for webassign is: https://www.webassign.net/purdue/login

**Midterm Examinations:** There will be two common one hour midterm exams. The first exam will be on February 25th, 8:00-9:00 P.M. The second exam will be on April 4<sup>th</sup>, 8:00-9:00 P.M. Your instructor will announce the locations later.

**Final Examination:** There will be a common, two-hour, comprehensive final during exam week. The time and place will be announced later.

**Grades:** Students course grades will be determined from their total scores, whose components have the following maximum values:

Recitation (Homework and Quizzes)	200
Two midterms at 100 each	200
Final Exam	<u>200</u>
Total	600

However, the course instructors may include the attendance as one of the categories in deciding the final score of a student.

**Assignment of course grades:** At the end of the semester the course instructors will determine the grade cut-offs based on the sum of the scores on the two midterms and the final exam of all MA262 students. The number of particular letter grades (A, B, . . .) in each section will be the number that the section earns according to these cut-offs. The grades within each section will then be determined based on the students' total scores including homework and quizzes.

Course Webpage: http://www.math.purdue.edu/MA26200/

Calculators: Calculators will not be allowed on exams or quizzes.

**Comments:** (1) Class attendance is expected. Reading the sections in the textbook ahead of time is recommended. (2) Copying, or in any way giving or receiving help, on quizzes and exams is not allowed. Students must abide by the full Purdue University policy on Academic Integrity. It is available at: http://www.purdue.edu/odos/osrr/academicintegritybrochure.php

**Accommodations for Students with Disabilities**: If you have been certified by the Disability Resource Center (DRC) as eligible for academic adjustments on exams or quizzes, see http://www.math.purdue.edu/ada for exam and quiz procedures for your mathematics course, or go to MATH 242 for paper copies. If you are waiting to be certified by the Disability Resource Center we encourage you to review our procedures prior to being certified.

For all in-class accommodations, please see your instructor outside class hours, before or after class or during office hours, to share your Accommodation Memorandum for the current semester and discuss your accommodations as soon as possible.

In case of emergency: In the event of a major campus emergency, course requirements, deadlines and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances. Here are ways to get information about changes in this course: by visiting the course web page indicated above, visiting your instructor's webpage, or by calling or emailing your instructor, see http://www.math.purdue.edu/people/faculty/ for contact information.
