On problems for which you use your calculator, write on the exam paper what you type into the calculator in order to receive full credit.

The final exam for Math 13800 will take place from 7:00 – 9:00 pm on Wednesday, May 3, 2017 in RAWL 1086.

The exam will have 18 questions. Ten multiple-choice questions will be worth 7 points each. Eight open-answer questions will be worth varying points. Partial credit will be given on the open-answer questions only. Six questions will be from lessons 30-35. The remaining questions are from the first 29 lessons.

Helpful hint: the answer "None of the above" is sometimes used, but not often.

Non-graphing calculators will be allowed. Cell phones may NOT be used as a calculator and you may not borrow a calculator. It is good to arrive 15 minutes early. Of course, bring your photo ID.

The following is a list of recommended problems from sections 30.4 – 33.2 of the Supplementary Learning Exercises at the end of each section of the text. These are the sections covered during lessons 29-35, after exam 3.

Page	Section	Problem numbers
704	30.4	1cdef, 2, 4, 5, 6
718	30.6	1, 2, 6, 7
768	33.1	1, 2, 3
776	33.2	2, 3, 5, 6, 8
