

Grade Appeal for Webassign Homework

Students who believe their online homework has not been graded properly by Webassign can send an email homework appeal to:

homework.appeal.webassign@purdue.edu

These emails will be forwarded to the TA, whose job is to rule on those appeals and possibly update the gradebook if needed. The TA will grant an appeal if the student's answer is mathematically correct and was graded as incorrect by the Webassign system because it was in the wrong format or because the wrong syntax was used.

When the student files an appeal, it should be in the format:

Your name:

Your course:

Your section number:

Your recitation or class time:

Your assignment number:

Your problem number:

A brief description of the issue:
