

Following are the grade ranges for exam 1. The reason we have included "+" and "-" letter grades is so that you will keep in mind where your particular score falls (for example, is the score a high B or a low A or in the middle of the A range, etc.). These grade ranges should give you a better indication of translating your score to a letter grade. We do not give plus or minus grades at the end of the semester. Also, keep in mind that although these are good estimates, they are estimates only and that your final letter grade in the course is determined by your **total** number of points.
