

Following are the grade ranges for exam 3. The reason we have included "+" and "-" letter grades is so that you will keep in mind where in a range your particular score falls. We do not give plus/ minus grades at the end of the semester. Please keep in mind that although these are good estimates, they are estimates only. They are intended for you to have an indication of translating your score into a letter grade, but your grade for the course is based on your total number of points.
