ADA Instructor Responsibilities in the Classroom

In order to conform to the requirements of the Americans with Disabilities Act (ADA), the Department has established procedures to be followed when an instructor receives an accommodation letter from the Disability Resource Center (DRC) under the Office of the Dean of Students (ODOS).

Only provide accommodations for students for whom you have received a digital letter. Do not give accommodations beyond those given in the letter.

You should refer students who have no letter or who want accommodations different from those in their letter to the Disability Resource Center.

Also keep in mind that, aside from the listed accommodations, you should base all other decisions (such as a missed exam/late option sheet, missed classes, etc.) the same as you would for any other student, giving no special consideration to the student’s status as a person in need of accommodations.

Instructor Responsibilities

Keeping records and confidentiality

If you receive an electronic copy of an Accommodation Letter from the DRC, you may send the student the following email:

Dear student,

The DRC has given me your student accommodation letter. If you wish, you have my permission to record my class and to use assistive technology in my class.

For the following accommodations, please email me or see me in person:

• In-class quiz accommodations
• Preferential seating in class
• Other accommodations related to the class

Follow the provided guidelines when scheduling your accommodated exam:

Students in MA 13700, MA 13800, MA 13900, MA 16020, MA 16100, MA 16200 and MA 26100 should submit their exam request at www.purdue.edu/drctesting at least 5 business days prior to the date of the exam. Keep in mind that you should always schedule your exam for the day after the actual exam date.

Students in MA 15800, MA 16010 and MA 16600 will take their exam online with their time extended appropriately.

If you have any questions regarding your accommodations or exam registration, please contact Stephanie Foster foster80@purdue.edu.

Regards,

Your Instructor
Read the following statement to students

**Courses with any common exams**

On the first day of class read the following statement, which should be found on your course syllabus and/or ground rules

If you have been certified by the Disability Resource Center (DRC) as eligible for academic adjustments on exams or quizzes see [www.math.purdue.edu/ada](http://www.math.purdue.edu/ada) for exam and quiz procedures for your mathematics course.

In the event that you are waiting to be certified by the Disability Resource Center we encourage you to review our procedures prior to being certified.

For all in-class accommodations please see your instructors outside class hours – before or after class or during office hours – to discuss your accommodations for the current semester as soon as possible.

**Courses with no common exams and summer session courses**

On the first day of class read the following statement, which should be found on your course syllabus and/or ground rules

In this mathematics course accommodations are managed between the instructor, student and DRC Testing Center.

Students should see instructors outside class hours – before or after class or during office hours – to discuss your accommodations for the current semester as soon as possible.

**Addressing classroom requirements unrelated to exams**

Classroom accommodations can include, but are not limited to, requests to face the classroom when speaking, preferential seating, being provided copies of lecture notes and special conditions for in class quizzes and assignments. These requirements should be met as much as is feasible.

If the student has any in-class accommodations listed, discuss these accommodations with the student when they contact you.
Academic adjustments on in-class quizzes

If students have an accommodations request for in class quizzes, then the same accommodations they request for exams should be followed. To arrange to take their quizzes with accommodations students must first fill out a Quiz Form. Return the form to the student after signing.

- Students should fill out their section prior to having you sign where indicated. You should also circle the location of your mailbox for the student.
- In the case of classes with cooperative quizzes see the lecturer (or associate head) for the accommodated quiz procedures.

Exam Procedures

- Instructors in courses with at least one common exam should see the Complete Exam Procedures for courses with some common exams.
- Instructors in courses with no common exams work with the DRC Testing Center directly to provide exams to those students. The DRC enacted its own scheduling system that interfaces the student, instructor of record and the DRC. You will receive an e-mail inviting you to log into their system to provide deadlines and a copy of the exam. See their FAQ for more information about this service: http://purdue.edu/studentsuccess/specialized/drc/faculty/faq.html

About Common Exams

- Courses with at least one common exam in the Fall and Spring semesters include MA 13700, MA 13800, MA 13900, MA 15800, MA 16010, MA 16020, MA 16100, MA 16200, MA 16500, MA 16600, MA 26100, MA 26200, MA 26500 and MA 26600
- All other courses do not have common exams in the Fall and Spring semesters.
- No courses are considered to have common exams during the Summer semester.
