- 2. Students may not open the exam until instructed to do so.
- 3. No student may leave in the first 20 min or in the last 5 min of the exam.
- 4. Students late for more than 20 min will not be allowed to take the exam; they will have to contact their lecturer within one day for permission to take a make-up exam.
- 5. After time is called, the students have to put down all writing instruments and remain in their seats, while the TAs will collect the scantrons and the exams.
- 6. Any violation of the above rules may result in score of zero.
