On behalf of the College of Science Multicultural Science Program Congratulations on 50 years of excellence in academic achievement and community service! We honor the student awardees and celebrate the Graduating Seniors of 2025 as you continue the legacy of success and innovation.

The Caucus traces its roots to discussions and informal meetings among African American faculty and staff on the Purdue University West Lafayette campus in the Fall of 1970. The concept for an organized group of Coordinator of Black faculty and staff initially was circulated by Dr. Buchanan, who held the position of Black Student Programs at the time. These discussions continued over the next few years until September, 1974, when faculty and staff members responded positively to a proposal from Mr. Sam Hay, Director of Afri-Studies and Research Center. develop formal cana to а more organizational structure. An ad hoc leadership group began planning for the goal with monthly meetings at the old Black Cultural Center.

Under a constitution ratified in December 1974, African American faculty and staff members voted on April 17, 1975 to establish the *Black Faculty and Staff Council of Purdue University*, and elected as its first officers Dr. Luther Williams (Chairperson), Ms. Marion Blalock (Vice Chairperson), Dr. Darlene [Clark-] Hine (Recording Secretary–Treasurer), Mrs. Helen Bass Williams (Corresponding Secretary), Mr. Kenneth McNight (Parliamentarian), Capt. Jerome Adams, Mr. Samuel Hay, and Ms. Phoebe Coleman (Members-at-Large). Purdue President Arthur G. Hansen was duly notified later that month. By the Spring of 1976, the organization became known as the *Black Caucus of Faculty and Staff*.

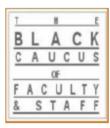

The basic purpose, goals, and objectives of the Caucus have remained consistent across the life of the organization, and are articulated most clearly in its Constitution and Bylaws (1984):

"The purpose of the Purdue Black Caucus of Faculty and Staff shall be:

- (a) To identify and act upon those issues which affect Black people at Purdue University and the greater Lafayette community, especially as they relate to the function of the University;
- (b) To institute and maintain an effective and positive relationship between the University and its Black constituency both on and off campus;
- (c) To reinforce self-awareness among Black people by implementing programs and activities designed to achieve these aims;
- (d) To gather and disseminate information about available talent, opportunities, and activities that will provide the University with a comprehensive understanding of the dynamics of the Black experience;
- (e) To carry out other activities of a charitable and educational nature to promote the welfare of Black faculty, staff, and students."

From its earliest years, the Caucus undertook monitoring the number and status of African American staff and students at Purdue, providing mutual support, and engaging upper administration in planning for change and advancement on matters of concern. One important, visible, and consistent function has been the Annual Awards Program. Initially begun as an "Academic Support Fund Dance" that raised money for academic merit awards and a possible emergency loan fund, the Caucus distributed 30 "incentive awards" to Black students for the end of the 1975-76 academic year. The Second Annual Academic Support Fund Dance honored 60 outstanding Purdue Undergraduates with cash awards, gifts, and certificated for excellence in scholarship, community service, and leadership. Continuing its tradition of honoring students using only voluntary donations, this 41st Annual Program will honor over 150 undergraduates of African descent at Purdue University.

#### PURDUE BLACK CAUCUS OF FACULTY AND STAFF

#### April 2025

Dear Students, Family Members, Honored Guests, and Caucus Members and Friends,

### The Purdue Black Caucus of Faculty and Staff welcomes you to our 50<sup>th</sup> Annual Academic and Service Awards Program!

Half a century of <u>any</u> program recognizing student excellence is a happy milestone. Our BCFS celebration this year represents even more: the realization of the aspirations of generations of parents, grandparents, great grandparents, aunts, uncles, and extended family, as well as generations of the members and friends of the BCFS. The demonstrated accomplishments, leadership, and resilience of those recognized today in turn honors those who have come before them, those who cheer them on now, and the consequential University whose mission is to make the world better through higher education, discovery, and service.

Those who have been a part of the BCFS Annual Academic and Service Awards Program in previous years know that it is unique in its scope, and the breadth and commitment of those who have worked hard to organize it—apart from its sheer longevity. This celebration has recognized academic achievement and leadership of undergraduate students across all years, and all departments and units. The Program has been organized each year solely by the hard work and dedication of <u>volunteers</u>: the members and friends of the Purdue Black Caucus of Faculty and Staff, from across the University community. For all of five decades, the Program has remained one of the largest regular gatherings of its kind in the nation—proudly bringing together families, faculty, and staff in support of our students' thriving.

For all these reasons, having read these brief words, please make it a point to congratulate all our students listed in this special Program booklet. In the same spirit, congratulate all of those who love and support them, the faculty and staff of the University that has helped them learn and grow, and the stalwart members and friends of the BCFS who arranged the celebration to pull all of this together.

With my sincere congratulations for now, and enduring faith for the NEXT 50 years,

150<sup>th</sup> Anniversary Professor and Professor of Psychological Sciences Assistant Vice Provost, Office of the Vice Provost for Graduate Students & Postdoctoral Scholars Chairperson, Purdue Black Caucus of Faculty and Staff

## THE NATIONAL ANTHEM

#### The Star Spangled Banner

By Francis Scott Key

Oh, say can you see, by the dawn's early light,
What so proudly we hailed
At the twilight's last gleaming?
Whose broad stripes and bright stars,
Through the perilous fight,
O'er the ramparts we watched,
Were so gallantly streaming?
And the rockets' red glare,
The bombs bursting in air
Gave proof through the night
That our flag was still there.
O say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

## THE NEGRO NATIONAL ANTHEM

#### Lift Every Voice and Sing

By James Weldon Johnson

Lift ev'ry voice and sing, Till earth and heaven ring, Ring with the harmonies of Liberty; Let our rejoicing rise High as the list'ning skies, Let it resound loud as the rolling sea. Sing a song full of the faith that the dark past has taught us, Sing a song full of the hope that the present has brought us; Facing the rising sun of our new day begun, Let us march on till victory is won.

Stony the road we trod, Bitter the chast'ning rod, Felt in the days when hope unborn had died; Yet with a steady beat, Have not our weary feet Come to the place for which our fathers sighed? We have come over a way that with tears has been watered. We have come, treading our path through the blood of the slaughtered, Out from the gloomy past, Till now we stand at last Where the white gleam of our bright star is cast.

God of our weary years, God of our silent tears, Thou who hast brought us thus far on the way; Thou who hast by Thy might, Led us into the light, Keep us forever in the path, we pray. Lest our feet stray from the places, our God, where we met Thee, Lest our hearts, drunk with the wine of the world, we forget Thee; Shadowed beneath They hand, May we forever stand, True to our God, True to our native land.

In every phase of your education journey, you have aggressively sought to maximize your experience, master the art of learning and challenge yourself to grow as a person. You bring life to the wise words of Dr. M. L. King, Jr.:

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character — that is the goal of true education." Dr. M. L. King, Jr.

We are so proud of your accomplishments, and most importantly the person you are and continue to develop into. "May the road rise to meet you. May the wind be always at your back. May the sunshine always warm your face, the rain fall soft upon your fields, and may God hold you in the palm of his hand!"
