Quiz 6

5 octobre 2016

Instructions: Show all work, with clear logical steps. No work or hard-to-follow work will lose points.

Problem 1. (4 points) Find f^{-1} and the domain and range of f^{-1} for

$$f(x) = \frac{13x + 7}{2x - 1}.$$

Problem 2. (0 points) What is your favorite thing about Purdue/the greater Lafayette metropolitan area?
