

MA 261

Quiz 9

21 Οκτώβριος 2016

**Instructions:** Show all work, with clear logical steps. No work or hard-to-follow work will lose points.

**Problem 1.** (4 points) Solve for  $x$ .

$$e^{2x} - 3e^x - 7 = 0.$$

**Problem 2.** (0 points) Are you counting down the days until Thanksgiving break? How many?
