

These phrases in English, French, pre-1917 Russian and modern Russian give you the first digits of $\pi = 3.14159265358979\dots$. I don't know a similar German phrase but I am sure it exists.

How I need a drink, alcoholic of course, after the heavy chapters involving quantum mechanics. (Pólya)

Here is a politically correct version:
May I have a large container of coffee?

Que j'aime a faire apprendre un nombre utile aux hommes.

Кто и шутя и скоро пожелаетъ пи узнать число, ужъ знаетъ.

Ето я знаю и помню прекрасно, пи многие знаки мне лишни,
напрасны.
