

# Bonus Points

The university is conducting an education study to measure the effectiveness of MA 16200. There are four course activities connected with this study.

1. The first quiz covers some important topics from MA 16100 that will also be used in MA 16200. You will not be graded on how you do; instead you will get **2 extra credit points** in your final grade for participating.
2. This quiz will be repeated in the week before exam week and you will get **2 extra credit points** for taking it the second time.
3. In addition to the quizzes, you will be sent two surveys by email, one at the beginning of the semester and one at the end, and you will **get 2 extra credit points for each of them**. If you decide not to participate in an extra credit activity you can still get the points for that activity by writing a one-page essay that your TA will assign.
