

Universidad
Industrial de
Santander

Bucaramanga, May 23th of 2017

Mr. Juan E. Santos
Senior Imaging Geophysicist
Ecopetrol

Dear Dr. Santos,

It is my pleasure to invite you to the "III Workshop en Modelado, Migración e Inversión Sísmica" that will be held in the Universidad Industrial de Santander- Bucaramanga, Colombia, from June 20th until June 23th of 2017. The workshop intends to bring together a group of students, professors, and professionals in the area of geophysics for oil exploration. The agenda includes oral and poster presentations of the main results of the project: "Migración sísmica pre-apilado en profundidad por extrapolación del campo de onda utilizando computación de alto desempeño para datos masivos en zonas complejas".

We are highly interested in your participation in the workshop as speaker with a short presentation (45 mins) and as part of a discussion panel about "The Future of the Oil/Gas Seismic Exploration in Colombia: Technology and Research".

If you are interested and available to accept our invitation, we will be covering your Hotel and Transportation expenses. In that case, some personal information would be needed for the paperwork:

- Full name:
- Copy and number of Foreign national card number or Passport:
- Address:
- Cell phone:
- E- mail:

We highly appreciate if you can join us.

Best regards,

Ana B. Ramírez
Investigador Principal
